SUBJECT: H.R. 734

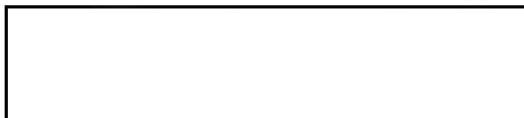

1. Subject Bill was introduced by Mr. Collins of Texas and referred to the Committee on Post Office and Civil Service. It is being sent to you for your information and review.

2. The purpose of this bill is to reduce by 50 percent the number of Executive Agency employees within the District of Columbia and 50 miles of its boundaries. This would be effective October 1, 1983. The reduction would be based upon the total number of Executive Agency employees within the specified geographic area on the date of the bill's enactment. This is to occur "notwithstanding any other provision of law." Furthermore, Section 2 requires the President to ensure, via regulation, that there is no subsequent increase in personal service contracts.

3. There seems little chance that this bill will see the light of day. If it should, we will have sufficient lead time to request your comments. If you wish to make any comments at this point in time, please feel free to do so, addressing them to  Assistant Legislative Counsel.
